INTERVIEW SUMMARY

Examiner and Applicant's representative discussed the application by telephone on January 14, 2009. It was noted that the Office Action of November 17, 2008 addressed previously submitted claims, rather than the latest claims as submitted in the Supplemental Amendment of August 20, 2008.

Examiner agreed to examine the latest claims and issue an appropriate paper, thereby negating the need for a response to the Office Action. Applicant submits that the claims are in condition for allowance.

Respectfully submitted,
SAWYER LAW GROUP LLP
